

Overview

Enclosed tray dispenser with a Pop-Up variable spring system to accommodate different weights of trays. Lift off top tray and the next one automatically moves up level into position delivering stacked trays of different formats and sizes. This compact mobile unit is perfect for Keeping trays in one place. Load from the wash-up area & transfer to the point of service. Hygienic design, made of high-quality stainless steel and durable plastic coated outer panels. Four corner bumpers, protect the equipment on all sides. Ergonomically shaped push pull handles ensure optimal handling. Dispenser runs on all-swivel 4" (100mm) casters of which two are lockable.
