

Overview

Model BTC (compact)

Specially designed for breakfast, tea & coffee service. An attractive, easy to manoeuvre and very compact trolley service with space for everything required. Perfect for aged care facilities and hospitals.

The mobile ward service trolley allows beverages, refreshments, and light meals to be served to patients and visitors at the bed side or in lounges and other communal areas. Great for use in busy hospitals retirement homes and various other types of healthcare facilities.

Push pull handles at each end and the simple layout facilitates easy positioning and set up. Very easy to use and keep clean, a practical hygienic and versatile design with a wide range of options and features, multiple drawers and runners, for holding baskets pans and ingredient containers etc. Crockery cutlery and condiments carried on board.
