

Overview

Sleek overhead gantries and over-shelves are available in both heated and neutral models. The heated versions are equipped with quartz heat lamps, while the non-heated models use LED strip lighting to illuminate the area below.

Customers can choose between two styles: a curved aesthetic or a sharp square design. Standard lengths are designed to complement the Moffat Counter-Tek range, helping to create a complete servery environment.

These gantries promote efficient two-way communication between front-of-house and kitchen staff, whether in self-service or assisted service settings.

A distinctive illuminated design on the end panels enhances visual appeal when viewed from the dining area—and also signals when the service is active.

Curved glass, open or closed front with quartz heat lamps

Open Front + Sneeze Screen	Closed Front + Glass Ends	Height Above Worktop (mm)	No. of 220w Lamps	Gantry Power Rating (kw)
CQG2	CQG2F	405	1	0.22
CQG3	CQG3F	405	2	0.44
CQG4	CQG4F	405	3	0.66
CQG5	CQG5F	405	4	0.88

Square glass, open or closed front with quartz heat lamps

Open Front + Sneeze Screen	Closed Front + Glass Ends	Height Above Worktop (mm)	No. of 220w Lamps	Gantry Power Rating (kw)
CQG2SL	CQG2SLF	405	1	0.22
CQG3SL	CQG3SLF	405	2	0.44
CQG4SL	CQG4SLF	405	3	0.66
CQG5SL	CQG5SLF	405	4	0.88

Deli closed front with quartz heat lamps

Note: The deli gantry glass mid shelf is only heated from the lamps above.

Curved Glass	Square Glass	Height Above Worktop (mm)	No. of 220w Lamps	Gantry Power Rating (kw)
CQG2D	CQG2DSL	538	1	0.22
CQG3D	CQG3DSL	538	2	0.44
CQG4D	CQG4DSL	538	3	0.66
CQG5D	CQG5DSL	538	4	0.88

Island open on both sides with quartz heat lamps:

Curved Glass	Square Glass	Height Above Worktop (mm)	No. of 220w Lamps	Gantry Power Rating (kw)
CQG2i	CQG2iSL	405	1	0.22
CQG3i	CQG3iSL	405	2	0.44
CQG4i	CQG4iSL	405	3	0.66
CQG5i	CQG5iSL	405	4	0.88

Curved glass, open or closed front with LED's

Open Front + Sneeze Screen	Closed Front + Glass Ends	Height Above Worktop (mm)	LED Illumination	Gantry Power Rating (kw)
