

Overview

Storage cupboards with hinged doors. Based on Gastronorm GN1/1 pans available in four lengths. Compact high capacity units. robust stainless-steel construction with a solid plain top. A heavy-duty range aimed at the busy kitchen particularly suited to restaurants, Hotels, Conference centres, Universities, Schools, and Holiday centres. Excellent for holding plates and dishes.

Note:

Standard storage cupboards have a void space at the operators right hand to accommodate additional optional switches and sockets on a servery counter. The void space also allow access where there is a join in the work top to facilitate fitting and joining counter sections together. These models do not have this void space, where no void is required these units can be used together with other counter sections saving space.
